

RE: Matilda Marsh

**To whom it may concern,**

I had the chance to mentor Matilda as part of the BFI Youth academy in the beginning of 2021. My very first impression of her was that she doesn't shy away from responsibility and has a drive for leadership.

During the production of her short film Matilda showed a strong understanding of her creative vision that allowed her collaborators to feel confident in the work they were creating. In her role as a director Matilda shows confidence and resilience while working under the constant pressure of a movie production. She exercises focus, commitment, understanding of film, and storytelling techniques as well as an open mind that allows her to listen to other perspectives and advise while keeping her creative vision in mind.

With her creativity, leadership skills and desire to learn and improve in her craft, Matilda comes with my highest recommendation.
